I. **POLICY**

Advantage Care Health Center (the “Center”) strives to provide the highest quality services to all of its patients, consistent with ethical standards, and in accordance with all applicable laws. From time-to-time, the Center may consider waiving, in whole or in part, our patients’ coinsurance or deductible obligations in connection with the services we provide. However, there are certain legal considerations that govern when it may be appropriate to do so. Accordingly, all waivers/reductions of coinsurance or deductible obligations will be offered/given only in accordance with this Policy.

There are a variety of laws that govern the Center’s interactions with Federal health care program beneficiaries.\(^1\) Contractual obligations to private insurers, as well as other laws, may also affect the Center’s ability to waive or reduce coinsurance or deductible obligations of privately insured patients. In order to comply with those laws and contractual obligations, it is the Center’s policy that waivers/reductions of coinsurance or deductible amounts may be offered to patients only when all of the following conditions are met:

- **No Advertising/Soliciting.** The waiver or reduction is not offered as part of any advertisement or solicitation by the Center or any of its Personnel; and

- **May Not Be Routinely Offered.** The waiver or reduction is not routinely offered (that is, waivers/reductions may not be the Center’s general business policy and may only be offered occasionally); and

- **Good Faith Determination of Financial Need or Reasonable Collection Efforts Required.** The Center waives or reduces the coinsurance or deductible amounts only after (a) we have made a good faith and documented determination that the individual is indigent or in financial need; or (b) we fail to collect the coinsurance or deductible amounts after making reasonable collection efforts (that is, after such efforts, the Center exercises its business judgment not to pursue the full legal remedies available to it to collect the amount(s) it is owed).

---

\(^1\) For purposes of this Policy, “Federal health care program” means any plan or program that provides health benefits, whether directly through insurance or otherwise, which is funded directly, in whole or in part by the United States Government and includes certain State health care programs. Examples include, but are not limited to: Medicare, Medicaid, Veterans’ programs and the State Children’s Health Insurance Programs. The Federal Employees Health Benefits Program is not included in this definition.
II. **PROCEDURE**

A. If a patient requests that a co-insurance or deductible amount be waived, the patient must complete the Center’s Financial Aid Request Form (attached to this Policy as Appendix A), explain the nature and extent of the financial hardship, and provide the Center with written documentation of his or her financial need. The Center will maintain such documentation of patient financial need in an easily accessible central location.

B. If appropriate documentation is not obtained, the patient must be billed pursuant to the Center’s normal procedures. Coinsurance or deductible amounts will then be written off only if our normal procedures have failed to result in collection of those amounts.

C. All requests for waivers of coinsurance and deductible amounts will be determined on an individual basis and must be pre-approved by the Compliance Officer, or his or her designee.

III. **FAILURE TO FOLLOW THIS POLICY AND PROCEDURE**

A failure to follow this Policy and Procedure may result in disciplinary action in accordance with the terms of our Compliance Program.

*Any questions concerning compliance with this Policy must be directed to the Center’s Compliance Officer.*
